

Instructions for Hi-Fi Prototype

Name: Leong Ko Rixie Tiffany

Seat Number: 10

Lab Group: FSP3

General Notes

- The underlined animations/enactments are only simulated fully the first time due to limitations of Powerpoint
- For all pop-ups, click on the greyed out background or “X” button to exit

1. Screensaver

- Click on left (<) & right (>) arrows to move between the 3 screensavers
- Click anywhere else on the screen to go to the home screen
- It will automatically go to the next screen after 5 screens (the last screen should also transition back to the first screen, but this wasn't simulated due to the limitations of Powerpoint)

2. Home

- Click the “English” button to open the language selection menu and click it again to close
- Click on the left arrow (<) or the map to close the sidebar
- Click on the “Rides”, “Shows”, “Eateries” or “Shops” buttons to go to the categories screens
- Click on the “Plan”, “Info” and “Search” buttons to go to their respective screens

3. Categories

- Click the right arrow (>) to go to the home screen
- Click on the “Rides”, “Shows”, “Eateries” or “Shops” buttons to go to the categories screens
 - Go to the Rides screen first to simulate an enactment of a first time user clicking the add to plan icon
 - If you are on a category screen, you can click the same category button to return to the map with pins from all the categories
- Click on the pins to go to the detailed pop-ups of the pin
- Click on the direction icon on the category screens or “Directions” button on the detailed pop-ups to go to the Directions screen
- Click on the “Plan”, “Info” and “Search” buttons to go to their respective screens

4. Directions

- Click on the image of the junction to enlarge it and click anywhere on the map to shrink it back

5. Search

- Click on the keyboard or wait 1 second to go to the screen with the search query “Ca”

6. Information

- In the menu screen, click the “Facilities” category to go to the Facilities screen
- In the Facilities screen,
 - Click “Back” to return to the menu screen
 - Click “Guest Services” to expand its details and click it again to collapse it

7. Plan

- Click the “Edit” button to simulate an enactment of the creation of a sample plan
- Click the “Save” button to simulate an enactment of the sign-up process for a first time user
- After saving, click the “Simulate Returning User” button (will not be on the actual kiosk screen) to simulate how updates would be displayed on the plan when the user returns
- Click the “X” button to open the Close pop-up (can click on all the options)
- Click the “Discard” button to open the Discard pop-up (can click on all the options)
